

YES! I'd like to request a solar site analysis as a first step in participating in the Northfield SolarWorks bulk buy of solar equipment for home and business owners. This program will allow participants to have appropriate solar systems installed at a discounted price for labor and materials.

The site analysis will assist me in deciding what type of system(s) make sense at my home or business. The site analysis will be performed by a certified RENEw Northfield energy auditor at a cost of \$95.

Name(s): _____

Address: _____

Phone (home): _____ **(business):** _____ **(cell)** _____

e-mail: _____ **Preferred method/time of contact:** _____

I am primarily interested in the following type of solar system (check all that apply):

Water heating: ___ Space heating: ___ Electricity production (photovoltaic or PV): ___ Don't know!: ___

(Optional) Please roughly sketch (or insert/tape one or several photographs) showing the layout of your yard, including large potentially shading trees.

Please mail, or scan and e-mail, this form to RENEw Northfield. Questions? See <http://www.renewnorthfield.org> or call 507.645.7133
