

RENew Your Place on Earth™ Rain Barrel

Protect the Cannon River!

by collecting rainwater from downspouts, preventing storm water run-off and river pollution

☞ *Free, pure water* for garden, lawn, shrub, tree and house plant watering

75% cost-share grants available from the Cannon River Watershed Partnership! Apply by April 14 @ www.crwsp.net

***\$160.00 includes \$100 tax-deductible contribution to RENew Northfield**

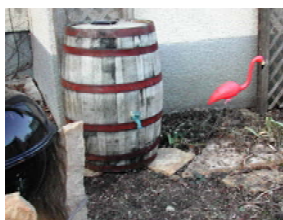

Available on or after April 22 (Earth Day). Volunteers will assemble barrels at Bridge Square from 10 to 4!

Logo fire-branded on top of barrel

Your choice of high quality decorative brass faucets, crafted in the USA

☞ Long-lasting, functional and beautiful addition to any yard!

☞ Combination birdbath/sundial available as a beautiful accessory to sit on top of, or alongside, your rain barrel

☞ Locally crafted by RENew Northfield volunteers

from once-used Kentucky and Tennessee 53-gallon distillery barrels

- ☞ Overflow at top of tank connected to soaker hose made from recycled tires
- ☞ Drain spigot at bottom of barrel can be used to connect barrels in series for greater capacity
- ☞ Screened downspout inlet prevents debris, mosquitoes and other insects from fouling the barrel

RENew Your Place on Earth™

and support RENew Northfield! All proceeds support RENew Northfield's mission to lead the community to energy self-sufficiency

For more information, see <http://www.renewnorthfield.org>, call 507.645.7133, or stop by the RENew office at 402 Washington St.

* Comparable to price of plastic commercial rain barrels

Rain barrels will be assembled by RENew Northfield volunteers on Bridge Square at "Earth Jam 2006" (Saturday, April 22 from 10 a.m. to ???). Please join us for the festivities!

Volunteers are needed, as are rain barrel purchasers!
