# Building Energy Efficiency 101: Cost-Effective Home Energy Saving Strategies for the 21<sup>st</sup> Century

Thursday, March 29th 7-9 PM  
Northfield Public Library (210 Washington St.) meeting room

(The workshop will be repeated Saturday, April 7<sup>th</sup> 12-2 PM)

Learn from local builders and other experts how to cost-effectively save energy and money whether you are building a new home or living in a drafty 19<sup>th</sup>-century Victorian. State-of-the-art building techniques and technologies will be covered, as well as utility and government financial incentives.

Northfield EnergySmart BuildingWorks is an initiative of RENEw Northfield and the Northfield Area Foundation. For more information, call 507.664.2023 or see [www.renewnorthfield.org](http://www.renewnorthfield.org).
